Dear Mr. Rob Dechant,

At the ASGA Board of Directors meeting this past January the following motion was made:

**Motion:** Mercer/Kittle that ASGA endorse Farrell's Agencies Seed Industry Plus Errors & Omissions program as administered in Alberta by Foster Park Baskett as beneficial to its membership. **Carried.**

ASGA recognizes your efforts in developing a strong and successful insurance program for the Association of Alberta Co-op Seed Cleaning Plants. Your assistance in our endeavour to investigate E&O programs relevant to the seed industry and providing the ASGA Board of Directors with an understanding of E&O has been appreciated.

Sincerely,

Richard Stamp  
President
